

# Samra Community News

Spring/Summer 2009

## ACADEMIA:

Our Quarterly Class Schedules are available at [www.samra.edu](http://www.samra.edu)

Scholarship: SAMRA students have applied for various scholarships including nuherbs Co and Trudy McAlister Fund. Hope our students will win!

The DAOM Program started its third module this quarter with classes meeting every Friday. The residency portion of the program has also begun at SAMRA Acupuncture Spinal Center.

CCAOM and AAAOM: SAMRA showed a strong presence at the recent April 2009 CCAOM and AAAOM meetings held in Sacramento.

Dr. Yeaji Suh attended the CCAOM committee meetings.

Dr. JongHwa Lee, OMD., PhD., L.Ac, of the SAMRA Acupuncture Spinal Center demonstrated his VST (Vertex Synchronizing Technique) to an awed audience on Acupuncture Day.

We are building a strong academic community including creating a student email data base, SAMRA Alumni Network, and also setting up CEU units. If you have not received any emails from the Academic Dean, please

contact her. In addition if you have any suggestions or innovative ideas, please contact the Academic Dean, Dr. Yeaji Suh at [ysuh@samra.edu](mailto:ysuh@samra.edu), or stop by her office.

## CLINIC:

Externship at Minority AIDS Project, Los Angeles: Beginning in the summer quarter of 2009, Samra University will offer an externship program for Phase III and IV interns at the Minority AIDS Project. Interns who are interested in participating should contact Nathan Anderson or Rebecca McLean for more information.

Fairs: LACC Career Fair (5/19/09), represented by Marion Lang and Mathew Bogle. Pico Union District Community Health Fair (6/6/09), represented by Samra University and the Samra Acupuncture Spinal Center.

MRI and X-Ray at the Samra Acupuncture Spinal Center: The MRI and X-Ray facilities are fully operational in our new clinic. Low-cost diagnostic imaging is now available to students and the public.
